## Year 5 Term 3 Home Learning

Dear Year 5 Parents and Carers,

As previously mentioned, from the spring term Year 5 are expected to complete Home Learning to help them to recall and practise their previous learning in school.

To help reduce confusion as to what is required please see the tables below which outlines the tasks that should be completed and the date it is due. However, please note that we want to develop independent learners and as such your child may choose how they wish to tackle the Home Learning, for example they might particularly enjoy maths and so chooses to complete two or more week's tasks in one week.

All Home Learning should be completed in the provided books and brought into school on the due date (every Friday) where a random set of books will be checked to ensure the work is being completed.
