

6th September 2019

*'Nurturing all to flourish and aspire'*

# Newsletter

The start of a new school year is a busy time for everybody and I am so grateful to our team here who have worked through the summer to ensure we have everything ready to welcome your children.

It was a joy to see our Nursery children settle into their new routines and a lovely surprise to 'bump' into them in the staff room on their walk around the school.

Year 1 have wasted no time and started their new learning theme by welcoming some visitors into school. It was wonderful to see them all so captivated and I am sure lots of fantastic learning will follow.

Thank you to Mrs Williams and Mrs Haywood for getting the children off to such an exciting start!

Next week we look forward to seeing our Reception children. Mrs Ellison and Mrs Brock have been very busy with all the home visits and we are pleased to hear how excited everyone is to start school.

## Safeguarding

Mrs Towers is the 'Designated Safeguarding Lead' in school and Mrs Ellison is the Deputy. If you ever have any concerns about a child, no matter how small, please speak with either one. If you would prefer to speak to someone outside of school, please look on our website for a list of useful links. In an emergency, dial 999.
